Personal Details

Birth: 28 Oct 2002

Gender: Male

Martial status: single

Religion: Buddhism

Nationality: Thai

Education

2021 - Now: 3rd year of
Computer Engineering from
Khon Kaen university

GPA: 3.90

2015 - 2020: Graduated high
school from Buakhao school

Skills

Programming languages: C, C++, Python,
Java, JavaScript, Assembly X86_64

Softwares: Canva, VS Code

OS: Windows, Linux(Ubuntu, Kali)

Languages: Thai (Native), English (Elementary proficiency)

Projects

2022: PointCounter: HTML CSS JavaScript

2022: GameTracker: React and Firebase

Others activities

2019: POSN Computer Academic Olympiad Camp

2022: TA in Pre-Engineering Program (Python)

2023: Staff CESC#18

2023: Thailand Cyber Top Talent 2023

This was my first time participating in a CTF competition. I had a lot of fun searching for flags, and it inspired me to pursue a career in cybersecurity. The result is impressive: our team ranked 54th out of 354 teams in the senior-level competition for undergraduate students.
